Next letter all SEPTEMBER events, all rides on list leave at times posted, so if you want to have breakfast arrive early enough to get rides off on schedule, thanks.

Rusty Riders Poker Run, it was one of the nicest days to ride. Debbie & I helped by doing a card stop in Mt.Pleasant. we did manage to cruise up Rt 670 for our stop and this is a nice road, try and check it out, especially to old dam with the built in steps. We met a lot of new folks working the stop and a large group of our gang stopped in also. Rusty Riders did a great job all day, lots of door prizes and a great breakfast & lunch.

Riders World's Open House, weather was quite dreary and dampened the whole day. A lot of door prizes with Sandy Perkins winning the big one a leather jacket. Nice seeing everyone there after running up from DC. Everyone spent a lot of time there that day. To many to name for fear of leaving anyone out. But I have to mention Mark Davenport, the man can cook, and he did all day. The best part of the day was the burgers. The ride to Dalton at the end of the day was cancelled, due to low amount of bikes. Thanks to all that helped all day. Next year we could use a few more people to help but it was Memorial Day weekend.

Hi John, Thanks for putting it in for me. It's a 1991 Sealion boat trailer I bought it new in 1992. It's a full tilt trailer, it's a 3000 pounds capacity, white wagon wheel mags with spare tire on same kind of mag. It has a crank to raise it to put on hitch. It will hold a 12 or 14 foot boat. I converted it into a motorcycle trailer last year. It has a 1 1/2" floor made from exterior grade sanded plywood, which is painted with skid resistant paint. Floor width inside of rails is almost 4 feet. There's a balistered rail around 3 sides. Eye hooks to attach hold down straps. It has fenders. I think it could hold 2 smaller bikes of equal weight. Could be made wider with a steel plate if fenders are taken off. I still have all parts so it can easily be to convert it back into a boat trailer. Trailer was only used around 25 times since I bought it. Asking price \$350.00. Vickie :0)

Rider Education

2- Two Ups Rider Courses, a Saturday class June 28 and Sunday class June 29th. Ron Banker put together the course with Marty and gave us this date. Ron will have more info about this course at June's Meeting at Petros. Ron had no trouble filling this course so second added on June 28.. We rescheduled the Rt 125 ride to June 22, because of the course. Most of the road captains and new ones will be doing the course. So the 29th will be the Paupack ride, after class maybe we can all meet at Kundlas for ribs.

May's Staff Meeting

Frank Paris joined us at our staff meeting. He had a bunch of ideas and concerns regarding new members with and a few topics that try were troubled about and we got a good handle on them, and we are working to have them all ready for discussion at June's General Meeting. Topics regarding patches, member death benefits, clothing, and elections

Frank thanks for the input it will only help the group grow and be closer.

Thanks

Any members that have changed their e-mail's phone numbers or bought new bikes. Please e-mails me at NERPHRCA@aol.com so we can keep our membership list up to date. We currently have 209 members with 9 signing up at Mall Show and 5 more on Covered Bridge Ride and 6 since Open house

Scranton Armed Forces Parade,

We had 16 bikes and we all looked pretty good riding in the parade. The crowds really like to watch Nikko & Russ zig-zaging around the group. Thanks to all that made the parade, we did manage to get on TV, but again announced as Rolling Thunder.

The tenth annual Honda Hoot™ returns to Knoxville, Tennessee, June 18 through June 21. Hoot 2003 registration brochures are available. You can obtain a brochure by calling 1-800-347-1289 or register for the Hoot or obtain a brochure via the Honda Hoot website at www.hondahoot.com

Just got my good rider renewal discount from Dairyland Insurance. Check out Dairyland for a quote. Blum Insurance in Tunkhannock, it's worth a call.

Rolling Thunder in DC. We had 11 members brave a drizzly day with a stop along the way at Baltimore inner harbor. Nice MC parking lot on the harbor on Light St, good for a day trip. On Saturday the LA-DC group invited us to ride to Arlington to the Tomb of the Unknown soldier, since no motorcycles are allowed in Arlington this was an honor. Members rode home Monday, weather again drizzly. I stop in Gettysburg on Sunday, checking hotels for an overnigher with ghost tour for late September.

A young boy was walking down the street when an older man pulled up to him riding a motorcycle and asked him to go for a ride with him. The

young boy just kept walking and ignored the fellow. A little farther down the man again pulled up to the boy and this time offered 10\$ if he would just go for a short ride, but again the boy ignored him and kept walking as if he didn't even notice him. Well a little farther down comes this man , and this time offers the boy 20\$ and a bag of candy if he will just take a little ride with him. This time the boy had had it and turned to the man and said "LOOK DAD, YOU BOUGHT THE HONDA YOU RIDE IT"!!!!!!

One of a kind paint job and tons of extras.

Colors Black & Red

John Coleman said he'd like to get the gang together for a camping trip. Good idea could be a lot of fun. So we are looking for a campsite that has a few hotels near for the real campers.

Wyland & Shirley led the Brooks BBQ ride from Carbondale with 19 bikes and then picked up 4 more in Honesdale. They got there at noon and our 3 bikes from Americade got there at 12:15.

Dominick & Chris Stivala were also there, then John & Judy showed up also. We had 6 tables full of NEPR'S and 28 bikes heading home from Brooks. Nice tour Wyland & Shirley.
